

2021 LEXUS IS

Thrilling and agile.

—
Experience the
pure sports driving pleasure
of an inspired and spirited
compact sedan.

LEXUS IS

The Lexus IS's statement of sporting intent is even more dramatic with the new styling. With an array of performance levels, the IS line not only turns heads on the road, it refuses to go unnoticed while parked. Punctuating its aggressive low and wider stance is a fresh evolution of the iconic Lexus spindle grille. The power expressed by the solid corners connecting the front bumper and fenders blends with the continuous body lines, all accentuated by the sharp L-shaped LED Daytime Running Lights. From the rear, the muscular stance is heightened by the sense of depth projected by the dramatic sweeping full width taillight.

To create the metallic, high-gloss finish of the all-new IS, Lexus' takumi craftsmen developed Sonic Iridium and Sonic Shade. These custom colours accentuate the frame of the vehicle and gives it a unique and distinctive look.

The deeply sculpted, three-dimensional wing-like silhouette of the all-new IS goes beyond just aesthetics. Its ground-hugging form produces a low centre of gravity that heightens the agility of the vehicle resulting in a dynamic, engaging drive.

The linear power delivery and precise handling of the all-new IS heightens the connection between the driver and the vehicle. These performance enhancements highlight “Lexus Driving Signature” – the new development standard for all Lexus’ vehicles.

Due to its enhanced agility, the all-new IS can perform sharp turns with astonishingly clean and smooth transitions. This makes the sports sedan suitable for both relaxed city commuting and accelerating through winding roads.

An improved version of the Lexus Safety System+ has been installed in the all-new IS. Its advanced safety technology alleviates driver fatigue and gives you peace of mind on your journeys by reducing the likelihood of collisions.

In the cockpit, the Apple CarPlay® or Android Auto™ connectivity allows you to use dedicated smartphone functions via a touch-screen display and navigate seamlessly with a new voice recognition system.

While the engines of the IS line may differ, the result is the same: driving exhilaration.

The IS 300h hybrid electric produces an impressive total power output of 164kW, for responsive performance that you can feel the moment you accelerate.

And, when pushing the IS 300's 180kW turbocharged engine, the invigorating rear-wheel drive performance of the vehicle starts to shine.

The IS 350 F Sport demands its share of attention. Boasting an impressive 232kW, 3.5-litre V6 engine has the advantage of dual Variable Valve Timing with intelligence, which helps deliver torque at lower rpm and greater acceleration at higher speeds that fills the cabin with a throaty engine note. And for the ultimate experience, the IS 350 F Sport has a lightning-fast eight-speed Sport Direct-Shift transmission and a Torsen® Limited Slip Differential.

Connecting the driver and the road in a visceral way should never be left to chance. The highly rigid body is courtesy of laser screw welding techniques, varied panel thicknesses and an innovative adhesive bonding process. The steering system is optimised to offer greater feedback and responsiveness. In addition, a wide track offers greater control and agility, helping the IS to master every curve and stretch.

ENTRY LEVEL NULUX (SYNTHETIC LEATHER) ACCENTED SEAT MATERIAL

SPECIFICATIONS IS 300 / IS 300h / IS 350

DIMENSIONS & WEIGHT

Overall length:	4710mm
Overall width:	1840mm - mirrors folded; 2027mm - mirrors out
Overall height:	1435mm
Wheelbase:	2800mm
Track	Front - 1580mm
	Rear - 1600mm (Base grade)
	Rear - 1570mm (F Sport and Limited)
Kerb weight:	1660 - 1700kg (IS 300); 1700 - 1735kg (IS 300h); 1655 - 1695kg (IS 350)
Gross vehicle weight:	2130kg (IS 300); 2140kg (IS 300h); 2145kg (IS 350)
Towing capacity:	not rated
Cargo capacity:	480L (IS 300 variants, IS 350 F Sport); 450L (IS 300h variants)

CHASSIS

Suspension:	Front - Double Wishbone with stabiliser bar
	Rear - Multilink with stabiliser bar
	Front Performance Rod (IS 300 & IS 350 variants)
	Adaptive Variable Suspension (F Sport variants)
Steering system:	Electric Power Steering (EPS); Sports Tuning (F Sport variants)
Brakes:	Front and rear - ventilated discs; Electronic Parking Brake; Brake Hold
Minimum turning circle	(Tyres): 10.4m
Fuel tank capacity:	66 litres
Tyres:	Front & Rear - 235/45R18 (IS 300 & IS 300h variants)
	Front & Rear - 235/40R19 (Limited variants)
	Front - 235/40R19; Rear - 265/35R19 (F Sport variants)

IS 300 ENGINE & TRANSMISSION

Type:	2.0-litre, 4-cylinder in-line Double Overhead Cam 16-valve, turbocharger (8AR-FTS)
Capacity:	1998cc
Max. output / torque:	180kW @ 5800rpm; 350Nm @ 1650-4400rpm
Fuel system:	D-4S (Sequential Multiport Fuel Injection)
Fuel consumption / CO ₂ emissions*:	8.2L/100km; 191g/km (combined). Recommended 95 octane or higher
Transmission:	8-speed Sports Direct Shift Automatic Transmission with G AI Shift control and Sport mode

IS 300h ENGINE / MOTOR & TRANSMISSION

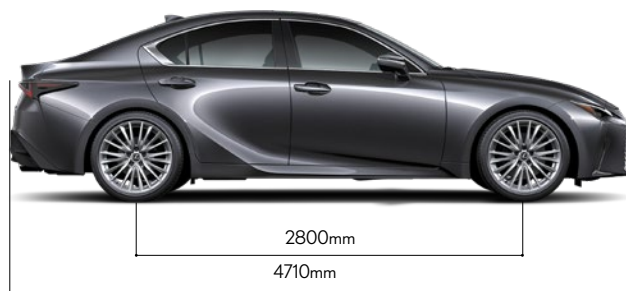

Type:	2.5-litre, 4-cylinder in-line Double Overhead Cam 16-valve (2AR-FSE)
Capacity:	2494cc
Fuel system:	D-4S (Sequential Multiport Fuel Injection)
Fuel consumption / CO ₂ emissions*:	5.1L/100km; 116g/km (combined). Recommended 95 octane or higher
Motor:	Lexus Hybrid Drive
Battery type:	Sealed Ni-MH (Nickel-Metal Hydride)
Total system output:	164kW (Petrol Engine + Lexus Hybrid Drive)
Transmission:	Electronically Controlled Continuously Variable Transmission (E-CVT) with Sport mode

IS 350 F Sport ENGINE & TRANSMISSION

Type:	3.5-litre, V6 Quad Cam 24-valve, (2GR-FKS)
Capacity:	3456cc
Max. output / torque:	232kW @ 6600rpm; 380Nm @ 4800-4900rpm
Fuel system:	D-4S (Sequential Multiport Fuel Injection)
Fuel consumption / CO ₂ emissions*:	9.5L/100km; 217g/km (combined). Recommended 95 octane or higher
Transmission:	8-speed Sports Direct Shift Automatic Transmission with G AI Shift control and Sport mode
