THE IMAGES AND CONTENT IN THIS BROCHURE HAVE BEEN SOURCED GLOBALLY AND MAY DIFFER FROM NEW ZEALAND SPECIFICATION.

*Energy consumption and driving range figures are based on tests under controlled conditions. NEDC driving range has been tested to the Australian NEDC ADR81/02 standard. Indicative WLTP driving range figures are based on the new test procedure for the European specification model. The New Zealand model hasn't been tested using the WLTP test procedure. Actual results will vary depending on factors such as vehicle usage and operating conditions. You should not expect that the exact energy consumption and driving range figures will be achieved in real world driving conditions. In order to provide you the latest model information, the specification listed is on a provisional basis and therefore may be subject to change. Every endeavour has been made to ensure text details and specifications contained in this publication were accurate as at 31 October 2023.

Lexus New Zealand reserves the right at any time to introduce any changes deemed necessary to improve the models shown or for any other reason. Paint, upholstery and interior trim colours shown in this brochure may differ from actual colours due to variations in printing processes. Some models shown in this brochure may have optional accessories fitted.

For further information please contact your local Lexus Dealership. They will be glad to assist.
